

TuffSkin for Benchtops, Bartops, Vanities & Tables

TuffSkin is a laminate film designed to protect the surface of marble, limestone, travertine and onyx benchtops, bar tops, vanities and tables from **etching and staining**. It is an effective addition to a penetrating liquid sealer as it will provide 100% protection from permanent damage. It is available in a gloss or satin finish and when professionally applied **TuffSkin** will enhance the look of your natural stone surfaces.

Key Features

- **TuffSkin** is made from 'hard coat' technology and will resist the daily wear and tear associated with high use stone surfaces
- **TuffSkin** will prevent **ALL** etching and staining on stone kitchen benchtops, cocktail tables and bar tops exposed to wine, lemon juice, vinegar, coffee, tea, oils and food
- **TuffSkin** is ideal for bathroom vanities and will prevent etching and staining from make-up, toiletries and perfume
- **TuffSkin** is available in a gloss or satin finish, which allows a matt, honed stone surface to be transformed into a gloss or satin finish or a gloss finish to a satin
- **TuffSkin** not only provides protection it can enhance the finish of the stone
- **TuffSkin** warranty – 5 years for interior domestic applications; 2 years for interior commercial applications
- **TuffSkin** can be removed if damaged without harming the stone
- **TuffSkin** should last 5-10 years dependant on use and care
- **TuffSkin** is easily cleaned with **Stain Proof Daily Cleaner** available from The Marble Man and a soft cloth
- **TuffSkin** has no VOC's (Volatile Organic Compounds) during application or use and there is no chemical smell from the product

Limitations

- As recommended with all stone surfaces, do not use abrasive cleaners or scourers or cut directly on the surface without using a cutting board. **TuffSkin** warranty does not cover intentional or unintentional scratching, cutting, peeling, abrasion or delamination
- Do not place a hot pot on any stone surface. **TuffSkin** warranty does not cover burn marks
- **TuffSkin** gloss film may in some cases slightly reflect iridescence on the surface in fluorescent light

Application – TuffSkin can only be professionally applied by an approved applicator

Installation – Benchtops, Bartops, Vanities, Tables

- Step 1** The stone is cleaned or restored depending on staining and the condition of the stone
- Step 2** Once smooth, dirt and grit free, the film is cut to size and laid using special application techniques
- Step 3** The protected stone surface can be used immediately however it is advisable to restrict use for 48 hours to allow the adhesive to cure

Authorised TuffSkin Dealer – Karingal Pty Ltd trading as - The Marble Man (ABN: 76 010 914 824 – Qld / 77 120 644 724 – NSW)
